TO: Lawrence Hazzard MD

The Board of Registration in Medicine has reviewed the reports of examination and evaluation submitted by your examining physicians, Doctors Robert Kammerman of Kennebunk and Henry Wolstat of Portsmouth.

On the basis of those reports, the Board has determined that your ability to practice medicine with reasonable skill and safety to patients has been impaired and that your reregistration will not be effected at this time.

The Board has directed that you be granted the opportunity to voluntarily surrender your license to practice medicine in the State of Maine by signing and returning to the Board office the attached statement with your certificate of licensure (diploma). These materials must be received at the Board office within ten days after you receive this letter.

You will be eligible to apply for reinstatement of your license as soon as your treating physician verifies that you indeed have recovered from your illness and recommends to the Board that licensure be reconsidered.

Failing your voluntary surrender, the Board has unanimously decided to take formal action, pursuant to 32 MRSA, Section 3283 by filing a complaint in the Administrative Court for suspension or revocation of your license to practice medicine in the State of Maine.
